“Concordia parvas res crescunt,  
discordia maximae dilabuntur.”

By harmony, small things grow;  
By disunity the biggest things collapse.

## MAIN AREAS OF PRACTICE

RM Luris Corp. offers legal advisory in different areas and sectors of business, combined with the personalized and efficient service of our team of lawyers, working together with our customers, creating bonds of trust to build long-term relationships. We put at your consideration our areas special practice areas:

### Who we are

We are a firm with extensive experience aware of the legal needs of clients providing personalized, high-quality legal services allowing us to strengthen bonds of trust and relations in the long term, the development and success in each case entrusted allows us to keep at the forefront of the practice of our profession. Our team of lawyers have the sufficient and necessary credentials that allow to provide successful results in the tasks entrusted to them.

### Vision

We are a law firm that day to day aspires to excellence in providing our legal services and positioning as a leader nationally and internationally, to provide legal assistance with a high standard of quality and personalizes advice on all our areas of practice, through innovative and cost-effective legal solutions. We are confident that with success in all of the entrusted challenges will continue to guide us into an innovative future.

### Mission

Provide competitive legal services in the fields of our areas of expertise, achieving total customer satisfaction and maintaining our position as the best law firm in Mexico and around the world.

### Values

- ⇒ The client is the reason of our existence
- ⇒ Client guidance
- ⇒ Client has to be treated with respect and courtesy
- ⇒ Innovation and creativity
- ⇒ Honesty
- ⇒ Excellence
- ⇒ Efficiency and effectiveness

### Energy

Our Premium law service, an area in which we have extensive experience, by having a specialist with the most qualified credentials in this sector, knowing that today the energy sector, hydrocarbons, electrical energy, and eolic energy is an important matter now a day, therefore we provide other related services in the energy sector such as transport and distribution of hydrocarbons projects, purchase

### Corporate Law

This branch of law is one of the most active since it includes projection for starting of any business, from its incorporation, preparation of records, corporate books, mergers, spin-offs, and a wide range of legal actions for the optimum performance of each company. Therefore, our attorneys have a vast experience in this field, both in the incorporation of companies in both, our country and overseas.

### Intellectual Property and Copyrights

These legal services of intellectual property and copyrights are offered to our customers with the confidence of having lawyers with sufficient experience knowing that these intangible assets are of valuable importance for our clients; The above-mentioned services include the whole proceeding, from the registration of trade marks, as well as obtaining patents and inventions in the field of human and commercial activity and everything related with the protection of intellectual property.

### Immigration Law.

RM Luris Corp. understands the needs of foreign customers to enter in our country or regularize their stay in it; that is why our lawyers give assistance with different migratory processes before the corresponding authorities, as admission to the country to stay as a visitor or temporary resident or permanent resident status; document exchange renewal of temporary resident card; regularization of migrant status; certificate of registration of employer, among others.

### Litigation and Arbitration

Today there are alternative and innovative means to solve legal disputes, we have a specialist with the more extensive credentials who is an arbitrator of the Chamber of Arbitration of Mexico (CAM) with the sufficient experience in the development of this means as alternative and innovative way to settle disputes. Our firm assumes that arbitration is used to solve human conflicts having to do with both law and psychology, sociology and economics and that leads to a constant exercise of our lawyers for the resolution of a dispute through this procedure and that often is preferred over the traditional, common and long legal proceeding such as litigation.

### Tax, Accounting and Administrative Services

Consultancy, advisory and corporate tax defense. Management and organization of treasury. Fulfilment of tax obligations applicable to the business. Tax consultations and strategies of optimization of tax burdens. Care requirements, invitations and home visits. International tax treaties, IFRS completion and regulatory compliance. Costing systems.

### Translations of Legal Documents

In a globalized world, the use of English language is imminent to have a good dialogue with our customers and partners, That is why we have the service of translations of legal documents so that our clients and partners can be confident to have full bilingual relationships with, RM Luris Corp, as part of our day to day activities.
